About Us

Established in the year **2009**, in **Faridabad (Haryana, India)**, we “**Krishna Panel Builders**” are recognized as one of the prominent **manufacturer** and **supplier** of a qualitative assortment of **Extruder Panel** and **Electrical Control Panel**. These products are manufactured using superior quality raw material and sophisticated technology as per the set industry standard norms. These products are known for their feature like sturdy construction, excellent performance, long functional life, less maintenance, easy to operate, anti-corrosive and energy saving. Keeping in mind the exclusive preferences of our customer, we offer this range in several specifications. Our team members understand the requirements of the customer and try to furnish the same within promised time frame. Under the supervision of our **mentors**, “**Mr. Vikram Singh Bhati / Mr. Sohan Pal**”, we have achieved a unique position in the industry.

Our organization has established state-of-the-art infrastructural setup that is installed with all advanced tools and machinery. We have divided our infrastructure into various sub-units such as manufacturing unit, production unit, procurement unit, quality testing unit, R&D unit and many more. This advanced infrastructural facility helps us in furnishing to the every demands of customer in a timely manner. We strictly check the offered range on several quality parameters to ensure its quality. Also, we provide this range in a high quality packaging material to ensure safe delivery at client's end. Owing to our transparent dealings, ethical business practices, easy payment option, timely delivery and quality conscious approach, we have been able to mark a remarkable name in the industry.
